2021 ROSÉ OF MOURVÈDRE

Grown at David Girard Vineyards. This Rosé is made in the Provence method. The grapes are harvested early with high acid levels and low sugar levels intended to make a Rosé. The grapes were pigeage and left on the skins for 24 hours to extract a light pink color. Stainless steel tank fermented.

On the nose, this wine has notes of orange creamsicle, strawberry, and hints of citrus. The palate is dominated by flavors of lemon and orange peel with a subtle creamy finish.

VINEYARD: David Girard Vineyards
SOILS: Slopes 45%, very rocky, sandy loam
CLONES: 520
CELLAR AGING: Stainless steel fermented and aged.
ALC. %: 12.5%
BRIX: 21
